Jennifer,

Sorry I wasn't able to participate in the call yesterday.

USS Minntac Update: MPCA leadership met with EPA Region 5 leadership on August 2 to resolve the outstanding issues EPA staff had on the draft permit. Based on that meeting, we will be moving forward with issuing the permit. We expect this will occur within the next 3 months (which allows for finalizing any permit changes and a 15-day EPA review).

Thanks, Jeff
